The IQAC is formulated as per guidelines of NAAC and acting as nodal agency of the institution for coordinating quality related activities. It creates learner-centric environment conducive to quality education and faculty development. It is also involved in academic enrichment programmes, quality aspects seminars, conferences and feedback leading to continuous improvement and achieving academic excellence. The IQAC plays a key role in institutionalizing the quality assurance of the College through ISO system.

About the Faculty Development Programme

Quality education is the key for the growth and success of any nation. Higher Education Institutions (HEIs) play a vital role in providing quality education and there exist various practices that need to be adopted for the same. NAAC accreditation & NIRF helps the HEIs to analyze their strengths, opportunities, and weaknesses through an informed review process. Beside this, the NAAC accreditation will help funding agencies with objective data so that they can take a decision on the funding of HEIs. NAAC grade/assessment and NIRF may also help educational institutes to initiate modern or innovative methods of pedagogy. On the other hand, NAAC accreditation or NIRF will help the student to figure out all the details about the institute such as quality of education, research output, teaching-learning, infrastructure etc. This seminar has been planned to motivate HEIs to initiate and share the best practices as well as to undergo the evaluation of the same with the assessment and accreditation by NAAC and NIRF.

The key Objectives of this webinar will be

- **To create awareness about NAAC New Accreditation and Assessment process and its benefits to the Higher Education Institutions (HEIs).**
- **To describe about the strategies to be adopted to attain top ranking in NIRF by Higher Education Institutions (HEIs).**
- **To provide valuable suggestions to Higher Education Institutions the ways and means of sustaining and enhancing the quality in NAAC and NIRF Ranking Framework.**
