## Objectives

1. To strengthen alumni–student interaction by providing a platform for meaningful academic and professional exchange.
2. To expose students to real-world career pathways in Biotechnology, Biochemistry, and Foods & Nutrition through alumni experiences.
3. To create awareness about diverse job opportunities, industry requirements, and emerging trends in life science disciplines

## Summary Report:

The School of Life Sciences of Marudhar Kesari Jain College for Women (Autonomous), Vaniyambadi, comprising the Departments of Biotechnology, Biochemistry, and Foods & Nutrition, in association with MKJC Alumni Connect successfully organized an Alumni Webinar on 22.12.2025 at Sri Arihanth Seminar Hall. The programme was conducted at the institutional level with the objective of strengthening alumni engagement and providing career guidance to students of Biotechnology, Biochemistry, and Foods & Nutrition. A total of 461 students and 24 faculty members actively participated in the programme.

The webinar featured three distinguished alumni who shared their academic journeys and professional experiences across diverse life science careers. Ms. S. Srimathi, Medical Coder at Optum Healthcare and Technology, Chennai, delivered a talk on "*Roots and Wings in Biotechnology*" highlighting career opportunities in healthcare, medical coding, and allied biotechnology sectors. Ms. S. Soniya, Dietitian from Saveetha Institute of Medical and Technical Sciences, Saveetha University, Chennai, presented "*Decoding Career in Foods and Nutrition*", emphasizing clinical nutrition, higher studies, certifications, and career pathways in nutrition and dietetics. Ms. S. Surathul Shaba, Production Manager at ASB & SSB Food Products, Tirupattur, spoke on "*Lab to Life in Biochemistry*", explaining the transition from laboratory knowledge to industrial and production-oriented roles.

The sessions were highly interactive, with students actively engaging through questions and discussions related to skill development, industry expectations, higher education options, and career planning. The programme successfully bridged the gap between academic learning and real-world applications, motivated students to explore interdisciplinary opportunities and reinforced the importance of alumni mentorship.

Overall, the Alumni Webinar was informative, inspiring, and impactful, contributing significantly to students' career awareness, professional orientation, and institutional alumni bonding.

### Outcome of the Program:

1. Students gained clear awareness of diverse career opportunities in Biotechnology, Biochemistry and Foods & Nutrition through real-life alumni experiences.
2. The programme enhanced student understanding of industry expectations, required skills, certifications and career pathways.
3. Interaction with alumni motivated students to plan higher education, professional courses, and skill development more strategically.
