Objectives:

1. To create awareness among school students about legal rights, safe social media usage, and cyber security practices.
2. To educate students on the importance of responsible online behavior and digital safety.
3. To help students identify cyber threats such as cyberbullying, phishing, and online fraud.
4. To promote legal and ethical use of social media and internet platforms.
5. To encourage students to protect their personal information and maintain cyber hygiene.
6. To develop social responsibility and communication skills among the participating students.

Summary Report

The PG Department of Computer Applications of Marudhar Kesari Jain College for Women (Autonomous), Vaniyambadi, organized an Extension Activity on 02.02.2026 at Government High School, Valayambut. The programme was conducted as an awareness initiative focusing on Legal Awareness, Social Media Awareness, and Cyber Security Awareness. The activity supported **SDG 5 – Gender Equality (Protection Against Abuse)** by creating awareness about online harassment, cyberbullying, and the safety of women and children in digital platforms. It also contributed to **SDG 16 – Peace, Justice and Strong Institutions** by promoting legal awareness, responsible digital behavior, cyber ethics, and safe online practices among students.

The objective of the programme was to educate school students about safe and responsible usage of social media, basic legal rights, and protection from cyber threats. The students were informed about cybercrimes, online frauds, cyberbullying, password safety, privacy protection, and ethical use of digital platforms. The resource persons also explained the importance of maintaining digital discipline and awareness while using internet services. The programme further highlighted the role of technology in supporting **SDG 7 – Affordable and Clean Energy** by encouraging responsible digital practices and awareness about clean energy access through technology-enabled communication and information sharing. The activity also aligned with **SDG 13 – Climate Action** by promoting digital awareness programmes that reduce dependency on paper-based communication and enhance community resilience through technology and knowledge sharing.

The session was interactive and informative. Students actively participated in the discussions and clarified their doubts regarding social media usage and online safety. Various real-time examples and practical tips were shared to help students understand cyber security measures effectively.

The programme created awareness among the students and encouraged them to become responsible digital citizens. The activity was successful in enhancing knowledge about legal and cyber safety practices among school students while supporting sustainable development goals related to social protection, justice, clean energy awareness, and climate-conscious digital practices.

Outcomes of the Extension Activity

1. Students gained awareness about legal rights, social media ethics, and cyber security practices.
2. The programme helped students understand the risks of cybercrime, cyberbullying, and online fraud.
3. Participants learned safe internet practices such as strong password usage, privacy protection, and responsible social media behavior.
4. The activity improved students' knowledge about digital safety and ethical online communication.
5. The programme encouraged students to become responsible and alert digital citizens.
6. The extension activity enhanced communication, social responsibility, and leadership skills among the organizing students.

Conclusion

The extension activity was successfully conducted at Government High School, Valayambut. The programme created awareness about legal rights, social media usage, and cyber security among students. Participants gained useful knowledge about online safety and responsible digital behavior. The session encouraged students to protect themselves from cyber threats and use social media ethically. Overall, the activity was informative, interactive, and beneficial for both the organizers and participants.
