Objectives:

- To create awareness among students about diverse career opportunities available after Chemistry UG/PG.
- To help students understand industry expectations, required skills and competitive qualifications.
- To guide students on higher education opportunities, professional certifications, and interdisciplinary fields.
- To motivate students to plan their career pathway based on their interests, strengths and long-term goals.

Summary Report

The alumni shared their professional journeys, discussed current trends in the chemical sciences, and highlighted skill requirements, higher education options, and employment opportunities. The session provided valuable insights into industry expectations, research

careers, entrepreneurship, and emerging fields such as green chemistry and interdisciplinary sciences. The webinar concluded with an interactive question-and-answer session, enabling students to clarify career-related doubts and receive practical guidance.

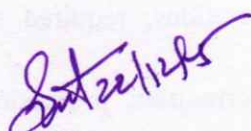

Outcome of the Program

- The webinar inspired students to consider postgraduate studies, doctoral research, competitive examinations, and international opportunities in Chemistry.
- Students reported improved confidence in identifying suitable career paths aligned with their interests, strengths, and long-term goals.
- Students developed clarity regarding essential technical skills, soft skills, certifications and emerging competencies required for employability and career advancement.
