Activity Report

Topic: First-Year NCC Cadets Selection & Enrolment

Venue: Marudhar Kesari Jain College for Women (A), Vaniyambadi

Date: 10.09.2026

Objectives (Input)

- To select physically fit, mentally alert, and highly motivated first-year students for the NCC unit.
- To instill core values of discipline, leadership, and selfless service among the student community.
- To fill the designated vacancies allotted by the 10 TN Battalion NCC, Vellore.

Methodology (Process)

The selection process commenced with a massive registration, drawing a total of **200 aspiring MKJC first-year students**. The school wise pre-selection was conducted to shortlist the students. The official selection trials were conducted on **10 September 2026** at the **MKJC Hockey Ground**. The rigorous evaluation process was supervised by Dr. M. Charumathy (ANO), alongside ESM Mr. Rajendran, and two PI Staff members from the 10 TN Battalion NCC, Vellore. The selection was split into three distinct phases to test the comprehensive capabilities of the candidates. First, an initial screening recorded basic physical standards including **weight and height** to ensure they met the official NCC enrolment criteria. Second, candidates underwent demanding physical endurance tests, which included a **running** trial to test cardiovascular stamina and a **push-ups** assessment to gauge upper body strength. Finally, the remaining candidates sat for a **written exam** designed to evaluate their general awareness, analytical skills, and aptitude for defense services. Following this exhaustive evaluation, **57 students were successfully selected and enrolled in the NCC Integrated Software (NIS) portal**, advancing the **Digital India Scheme** through paperless cadet onboarding. This selection process directly contributes to **Viksit Bharat 2047** by nurturing a disciplined youth workforce to drive nation-building, preparing these newly enrolled individuals to **qualify for their prestigious NCC 'B' and 'C' certificates in the future** to open pathways in civil and defense careers. It also fulfills the mandate of **NEP 2020** by embedding structured, credit-aligned physical education and personality development into higher education. Furthermore, the activity actively promotes national initiatives like the **Fit India**

Movement and **Khelo India**, while advancing global Sustainable Development Goals, specifically **SDG 3 (Good Health and Well-being)**through rigorous fitness benchmarks, **SDG 4 (Quality Education)** via experiential leadership training, and **SDG 5 (Gender Equality)** by ensuring equitable selection opportunities..

Output

- Enlisted a foundation batch of **57 disciplined cadets** trained to fulfill future institutional, institutional-level, and national camp requirements.
- Created a structured database of student performance metrics to track the physical and academic growth of the cadets over their upcoming three-year tenure.
- Established a blueprint for rigorous, multi-stage selection procedures to be utilized for future NCC enrollment drives at the institution.

Outcomes

- Secured a strong pipeline of highly motivated candidates prepared to earn their **NCC 'B' and 'C' certificates**, paving the way for future careers in the Armed Forces and public sectors.
- Positioned the Institutional NCC unit to achieve higher representation and laurels in upcoming state and national-level events, including the **RDC, Army Attachment Camp, EBSB, TSC**etc
- Cultivated a future generation of community leaders equipped with advanced character development, leadership skills, and a lifelong commitment to selfless national service.
