Summary

This training class was inaugurated on 03.10.2023 through virtual conference by Prof. Dr. T. Arumugam assumed Vice Chancellor of Thiruvalluvar University, Vellore. Our colleges had been selected as a Top 10 college for the training session. He explained about the Training and courses benefits to the students and shared how difficult it is to get a job in this competitive world nowadays. Also, He mentioned that landing the right jobs is not so easy therefore we need to keep some things in mind and plan our path accordingly. Additionally, he used the smart board to clarify students doubts.

This session covered with various training classes like certified financial Fraud Investigator – CFFI, Internet on things- IOT and Cyber Security. Trainers took over the classes very beneficially in various topics for the students. The student gained knowledge

through understanding of how to use social media with greater caution than they already do. From III UG students gladly attended this training class, and Certificates were sent the students by valid mail. Around 142 students attended and benefited in the training classes. Student who participated and completes the training session successfully by utilizing 60 hours of training classes.

Outcome of the Programme

The students came to know about

1. The students acquired technical skills and developed a holistic understanding of how to apply their skills in real – world scenarios.
2. The training provided practical experience in designing, developing, deploying solutions and communication protocols.
3. Students learnt the fundamentals of CFFI, IoT, and Cybersecurity including concepts in the given topics.
4. Students also learnt the integrated knowledge of CFFI, IoT and Cybersecurity, enabling them to develop secure, high-performance applications & systems that leverage the technologies.
5. This training encouraged the students interdisciplinary thinking, allowing participants to approach problems by combining their knowledge of programming interfaces, connected devices, and security protocols.
