Activity Report

Subject of the Activity: The PG Department of Chemistry and Mendeleev Chemistry Association, with the support of the DBT STAR College Scheme, organized an outreach activity titled "Vision to Victory: Career Guidance for Future Change Makers" was organized for the school students on 28 August 2026 at Sri Guru Mishri Block Seminar Hall.

Objectives (Input):

- To create awareness among school students about diverse career opportunities and future professional pathways.
- To guide students in identifying their interests, strengths, and aspirations for career planning.
- To motivate students to pursue higher education and develop the skills required for future careers.
- To encourage goal setting, self-confidence, and informed decision-making among students.
- To inspire students to become responsible, innovative, and socially conscious future change makers.

Methodology (Process):

Programme Details: An outreach activity titled "Vision to Victory: Career Guidance for Future Change Makers" was conducted on 28.08.2026 from 11:30 AM to 01:00 PM at the Sri Guru Mishri Block Seminar Hall. The programme was organized for 11 students from Sigaram Matriculation Higher Secondary School. **Dr.M.Arasakumari.,** Head & Associate Dean, PG Department of Chemistry, Marudhar Kesari Jain College for Women (Autonomous), Vaniyambadi, served as the Resource Person.

- **Introduction and Orientation:** The programme commenced with an introduction highlighting the importance of career awareness, educational planning, and personal development in shaping students' future aspirations.
- **Career Awareness Session:** Students were introduced to various career opportunities and educational pathways available in different fields, helping them understand the options available after completing their school education.
- **Guidance on Goal Setting:** The session emphasized the importance of identifying individual interests, recognizing personal strengths, setting achievable goals, and developing a clear vision for future success.
- **Motivation and Skill Development:** Students were encouraged to develop self-confidence, communication skills, critical thinking, and a positive attitude towards learning and personal growth.
- **Interactive Session:** The students were encouraged to participate actively, share their aspirations, and clarify their doubts regarding career choices and future educational opportunities.
- **Awareness and Empowerment:** The programme aimed to empower school students with the knowledge and motivation necessary to make informed career decisions and pursue their aspirations with confidence.

Output:

- A total of 24 students from Sigaram Matriculation Higher Secondary School participated in the outreach activity.
- Students gained awareness of various career opportunities and future educational pathways.
- Participants developed a better understanding of the importance of career planning and goal setting.
- The programme motivated students to identify their interests, strengths, and future aspirations.
- Students received guidance on the importance of higher education, skill development, and continuous learning.
- The interactive session encouraged students to express their ambitions and seek clarification regarding career choices.
- The activity strengthened the institution's commitment to community outreach and educational empowerment.

Outcome:

- Students developed greater awareness of career opportunities and the educational qualifications required for different professions.
- Participants gained motivation to establish clear academic and professional goals.
- The programme encouraged informed decision-making and proactive career planning among school students.
- Students were inspired to pursue higher education and develop the skills necessary to meet future challenges.
- The activity promoted self-confidence, ambition, and a positive outlook towards personal and professional development.
- The outreach initiative strengthened the connection between the institution and the school community through educational guidance and student empowerment.

Sustainable Development Goals (SDGs):

- SDG 4 – Quality Education: Promotes inclusive and equitable quality education by providing school students with career awareness, educational guidance, and opportunities for informed academic planning.
- SDG 8 – Decent Work and Economic Growth: Creates awareness of future employment opportunities and the importance of developing skills for meaningful and productive careers.
- SDG 10 – Reduced Inequalities: Supports equitable access to career guidance and educational information for school students, helping them make informed decisions about their futures.
- SDG 17 – Partnerships for the Goals: Strengthens collaboration between the institution and the school community through outreach initiatives that support educational awareness and student development.
