#### Summary

The Save Electricity Campaign was conducted to raise awareness about the importance of energy conservation and promote sustainable energy usage among students. The event aimed to educate participants on reducing electricity consumption through simple yet effective daily habits.

To encourage practical application, students conducted an energy audit of the school, identifying areas where electricity was being wasted. Suggestions such as using LED bulbs, switching off lights and fans when not in use, and maximizing natural light were discussed. Additionally, a "Power-Free Hour" was observed, where students and teachers switched off non-essential electrical appliances for an hour to understand the impact of mindful electricity use. Additionally, a pledge ceremony was held where students vowed to use electricity with mindful.

The goal of the program is to spread awareness about sustainable festival celebrations and inspire responsible choices and to minimize environmental damage caused by firecrackers and promote cultural traditions in an environmentally conscious manner.

#### Outcome of the Program

1. Electricity consumption reduced through better management.
2. Increased awareness about renewable energy and conservation methods.
3. Students adopted energy-saving habits.
