GO GREEN ASSOCIATION CELEBRATES

WORLD WATER DAY ON 22.03.2025

ACTIVITY REPORT

Title	World Water Day		
Organized By	Go Green Association		
Type of Activity	Club activity		
Level	Institutional		
Date	22.03.2025	Time	12:30 pm
Venue	IDD Lab	Mode	Offline
Resource Person Details	Mr. Vadivelu Subramanian Founder, Veral Trust Chairman, Indian Red Cross Society, Vaniyambadi Taluk		
Objective of the Programme	To educate students on the importance of water conservation and promote responsible usage.		
Internal Participants Count	Students-50 Staff-10	External Participants Count	Nil

Summary

World Water Day was celebrated to raise awareness about the importance of water conservation and responsible water management. The event emphasized the global water crisis and the need to protect freshwater resources.

The students learned about water scarcity, pollution, and the impact of excessive water consumption on the environment and strategies for conserving water, such as rainwater harvesting, efficient irrigation techniques, and reducing water wastage in daily life.

Students identified areas where water was being wasted. Based on their findings, they suggested practical solutions such as fixing leaks, using water-efficient taps, and promoting responsible usage among peers. A demonstration of rainwater harvesting was also conducted to educate students on how to collect and reuse rainwater effectively.

The goal of the program is to encourage individuals to adopt water-saving habits and support sustainable water management practices and to highlight the significance of freshwater resources and inspire action to reduce water wastage.

Outcome of the Program

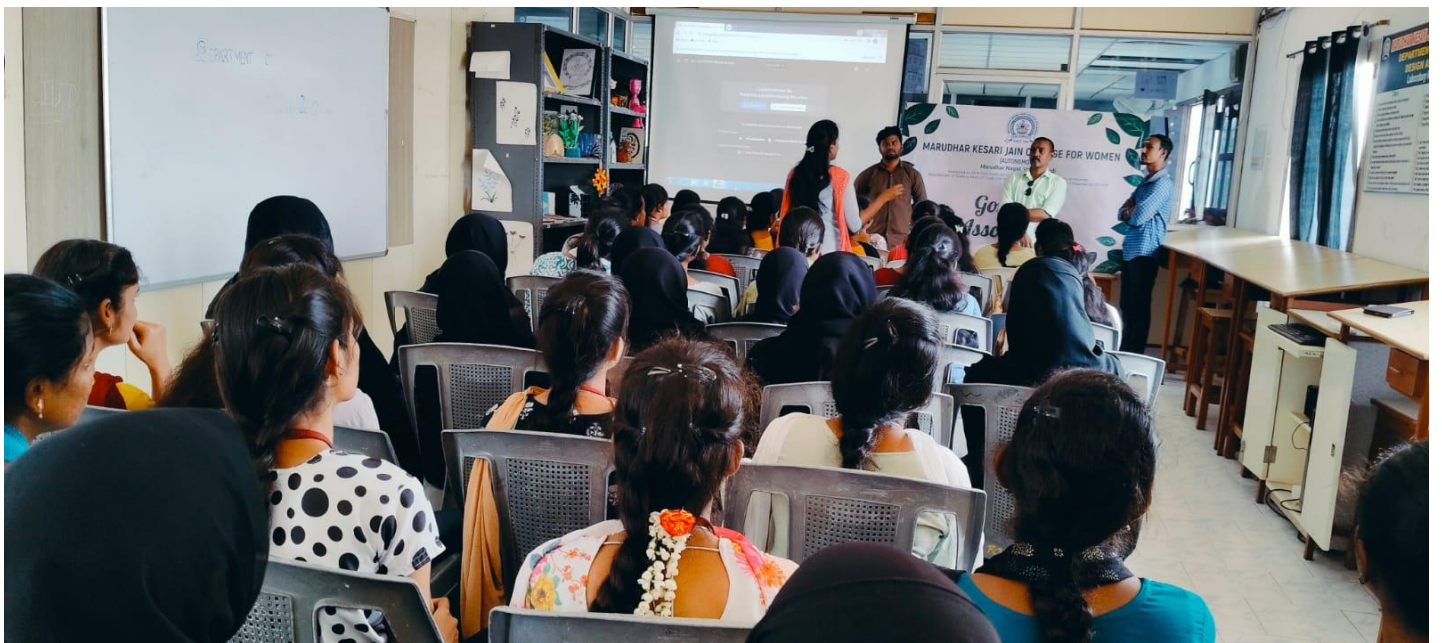

1. Increased awareness about water conservation among students.
2. Implemented water-saving measures by reducing wastage.
3. Students actively promoted responsible water usage within their communities
