Activity Report

Topic/Subject of the Activity: Industrial Visit

Topic/Subject of the Activity: Educational Visit – Birla Planetarium and DakshinaChitra

Objectives (Input)

- To provide students with practical and experiential learning beyond the classroom.
- To enhance students' knowledge through direct observation and interaction with educational and cultural spaces.
- To familiarize students with scientific developments, art, culture, heritage, and traditional practices.
- To develop students' observation, analytical, and critical-thinking skills.
- To provide exposure to the rich cultural heritage and traditional lifestyle of South India.
- To encourage students to connect their academic learning with real-world experiences.

Methodology (Process)

- An educational visit was organized by PG & Research Department of English, **Marudhar Kesari Jain College for Women (Autonomous), Vaniyambadi**, for the students as part of experiential learning.
- The students visited **Birla Planetarium**, where they gained exposure to astronomy, space science, planets, and other scientific concepts through educational exhibits and presentations..
- The visit to **DakshinaChitra** provided students with an opportunity to learn about the traditional architecture, lifestyle, crafts, arts, and cultural heritage of South India.
- Students actively observed the exhibits and participated in the learning experiences provided at the different venues.
- Faculty members accompanied and guided the students throughout the visit and encouraged them to observe, understand, and relate their experiences to their academic learning.

Output

- The educational visit was successfully completed with active participation from the students.

- Students gained practical knowledge through direct exposure to scientific, artistic, and cultural resources.
- The visit enhanced students' awareness of astronomy, art, heritage, traditional architecture, and cultural practices.
- Students developed greater interest in experiential and activity-based learning.
- The programme provided students with meaningful learning experiences outside the classroom.
