Activity Report

Topic of the Activity

Special Lecture on Vedic Mathematics and Shakuntala Devi Association Inauguration.

Objectives (Input)

- To introduce the concepts and applications of Vedic Mathematics.
- To enhance students' interest in mathematical calculations and mental arithmetic.
- To familiarize students with innovative and simplified techniques in Mathematics.
- To motivate students to develop logical thinking, problem-solving and computational skills.
- To create awareness about the contributions and mathematical legacy of Shakuntala Devi.

Methodology (Process)

The PG & Research Department of Mathematics and IKS Cell Jointly organized a special lecture on Vedic Mathematics along with the inauguration of the Shakuntala Devi Association on 25.08.2026 at 10.00 a.m. in the Sri Roop Rajat (AV hall). The programme was supported by the DBT STAR College Scheme. The special lecture was delivered by Mrs. Muthuselvi Prabhu, IGNITE MATH Founder, Researcher, Trainer in Vedic Mathematics, Chennai. She introduced the students on various concepts and techniques of Vedic Mathematics and explained how these methods can simplify mathematical calculations. The session encouraged students to explore alternative approaches to mathematical problem-solving and develop greater interest in Mathematics. The programme supports SDG 4 Quality Education by promoting innovative and inclusive learning approaches, strengthening students' mathematical skills, encouraging logical thinking, and providing opportunities for experiential and skill-based learning. It also contributes to SDG 9 Industry, Innovation and Infrastructure by encouraging innovation and the application of alternative mathematical techniques.

Output

- Students were introduced to the basic concepts and techniques of Vedic Mathematics.
- Students gained exposure to simplified methods of mathematical calculation.
- The Shakuntala Devi Association was inaugurated.
- Students actively participated in the special lecture and gained practical awareness of Vedic Mathematics.
- The programme provided an opportunity for students to interact with an experienced Vedic Mathematics trainer.

Outcomes

- Students developed increased interest in Mathematics and mental calculation.
- Students gained awareness of alternative and innovative methods for solving mathematical problems.
- Students improved their logical thinking and problem-solving skills.
- The programme motivated students to practice Vedic Mathematics techniques in their academic learning.
- The inauguration of the Shakuntala Devi Association encouraged students to participate in future mathematical activities and enrichment programmes.
