Summary

The PG Department of Psychology, School of Life Sciences of Marudhar Kesari Jain College for Women (Autonomous), Vaniyambadi inaugurated its association under the name Ivan Pavlov Association of Psychology and organized a workshop on 'Community Perspectives on Dyslexia' on 09.08.2024 at Old Seminar hall at around 10.00 a.m. The program began with the prayer song followed by invocation to Mother Tamil. Ms. Aliza Iram Bakshi Syed of II B.Sc Psychology welcomed the gathering by proposing the welcome address. The Dean, School of Life Sciences, Dr.C.Asokan gave a brief introduction about the PG Department of Psychology and felicitated the gathering by insisting the importance of Psychology in current global scenario, following which Ms. Suga Priya A, Department Secretary from III B.Sc Psychology spoke on the vision and mission of the association of Psychology and the various functions of the association in the upcoming years. The gathering was then felicitated by Ms.Sonali Mondal, Assistant Professor, PG Department of Psychology. She spoke on the need for students to have exposure to experiential learning. Ms.S.Sakthi Priya, Counselling Cell Secretary from III B.Sc psychology, then introduced our resource person for the day. The resource person was then honored by the dignitaries on the dias. The session was then handed over to Dr. Johann Ebenezer, Director and Cofounder, Healthsoch Academy private Limited, Vellore.

Dr. Johann Ebenezer started the session by giving a brief introduction on developmental disorder. He also explained the various reasons for developmental disorder like mental retardation, autism and specific learning abilities. The team of Dr. Johann Ebenezer, enacted a drama stating the various signs and symptoms to be noticed before stating the child to be intellectually weak. They also explained clearly how to differentiate a child with intellectual disabilities like autism and dyslexia.

The resource person also explained various professionals in treating the special children with intellectual disabilities like Clinical Psychologist, Neurologist, Psychiatrist, Pediatrician, Community health specialists. The prime focus on treating any child with intellectual disability relies on identification, referral and follow-up of activity.

The students found the workshop to be very interesting and interacted with the resource person, got their queries cleared and registered their valuable feedbacks regarding the interactive workshop. On account of the inauguration of the association of psychology, the PG Department of Psychology conducted Intra Department Competitions for the students of Psychology on 07.08.2024 at AV hall. The prizes were distributed to the prize winners of the events Cognitive Connect and Brain Buster by the resource person. Vote of thanks was proposed by Ms. Sidra Kulsum K P of I B.Sc Psychology and the program came to an end by singing the National Anthem.

Outcome of the Workshop

1. The Students would be able to refer children suffering with dyslexia for evaluation and help.
2. The students would be able to follow up the management of children affected with dyslexia in the community.
3. The development of personalized action plans for addressing dyslexia in the specific context (at home, school or work place) would be enhanced.
4. The students learnt new strategies and tools to support individuals with dyslexia
5. The students were able to gain knowledge on the various coping mechanisms and strategies for the children with dyslexia to overcome it effectively.
