Objectives

1. To Provide knowledge on Financial Sector
2. To Give Awareness towards Artificial Intelligence
3. To make understand the impact of Artificial Intelligence towards financial sector
4. To Create awareness towards Opportunity Available in Financial sector with AI

Summary Report

PG & Research Department of Commerce and Fin Edge Club jointly organized Alumni Programme on **Impact of AI in Finance**. This program explores use of AI in Education as well as in finance. It gave an idea how Artificial Intelligence (AI) has significantly transformed the financial sector by improving efficiency, accuracy, and decision-making. AI enables financial institutions to analyze large volumes of data quickly, leading to better forecasting, risk assessment, and strategic planning. Through automation, AI reduces operational costs and minimizes human errors in routine financial activities. The introduction of robo-advisors and

chatbots has enhanced customer experience by offering personalized financial services and 24/7 support. Through This Programme Resource Person also explains

Basic AI Tools for Education:

1. ChatGPT
2. Google Gemini (Bard)
3. Notebook
4. Microsoft Copilot
5. Perplexity AI

Outcome of the Program

1. Students understood modern financial practices using AI Tools.
2. Students gained knowledge about banking, investment, and digital finance.
3. Students prepared for future jobs and build confidence in using financial technology.
4. Students gained AI in finance supports better learning, skill development, and career readiness.

Participants Count:

Internal Participants : Faculty: 12; Students: 360
