Activity Report

Topic/ Subject of the Activity: Workshop on Needle to Design – Modern Embroidery Technology

Objectives (Input):

- To introduce students to modern embroidery techniques and technologies.
- To gain practical knowledge of embroidery tools, machinery, and equipment.
- To understand the process of converting design concepts into embroidered products.
- To develop creativity and technical skills in embroidery and surface ornamentation.
- To understand the applications of modern embroidery technology in the fashion industry.

Methodology (Process):

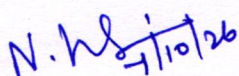

A total of 45 students attend, the workshop was conducted on “Needle to Design – Modern Embroidery Technology” to provide students with practical exposure to contemporary embroidery techniques. The resource person introduced various embroidery methods, tools, machinery, and modern technologies used in the fashion industry. Students observed demonstrations and learned the basic processes involved in creating embroidered designs. They interacted with the resource person, clarified their doubts, and gained practical insights into the application of embroidery techniques in garment and fashion design.

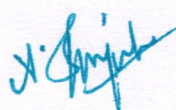

Output:

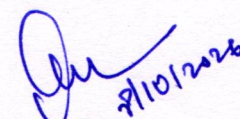

- Students gained practical exposure to modern embroidery techniques.
- Knowledge of embroidery machinery, tools, and technologies was enhanced.
- Students understood the process of developing designs through embroidery.
- Creativity and technical skills in surface ornamentation were improved.
- Students gained awareness of the applications of embroidery technology in the fashion industry.

Outcomes:

- Developed practical knowledge of modern embroidery techniques.
- Improved understanding of embroidery technology and design development.
- Enhanced creativity and technical skills in fashion surface ornamentation.
- Connected classroom learning with practical embroidery applications.
- Increased students’ confidence and awareness of career opportunities in the fashion industry.
- **SDG Alignment:** SDG 4 – Quality Education; SDG 8 – Decent Work and Economic Growth; SDG 9 – Industry, Innovation and Infrastructure.
