Activity Report

Topic/ Subject of the Activity : College Union & Fine Arts Association/PG orientation Program

Objectives (Input)

- To bridge the gap between undergraduate and postgraduate studies by familiarizing students with advanced curricula, research methodologies, and credit frameworks.
- To introduce students to Autonomous regulations, campus infrastructure, digital library databases, and student welfare services.
- To facilitate early interaction between incoming postgraduate students and departmental faculty, academic advisors, and research supervisors.
- To orient students toward academic integrity, literature review techniques, grant/funding opportunities, and publication expectations.
- To foster a collaborative interdisciplinary community among PG scholars, encouraging team research, academic societies, and peer support.

Methodology (Process)

- Marudhar Kesari Jain College for Women (Autonomous), Vaniyambadi, organized PG Orientation Program 6th July 2026 to 10th July 2026 at the college campus.
- Interactive self-assessment workbooks, vision-board creation exercises, and back-casting roadmap workshops where students map out 3-to-5-year academic and career milestones.
- Case study discussions comparing fixed vs. growth mindsets, reframing exercises addressing academic failure, and role-playing scenarios focused on receiving constructive research feedback.
- Experiential outdoor or indoor team-building challenges, interdisciplinary group problem-solving tasks, and icebreaker activities designed to build trust and cross-departmental networks.
- Self-reflection prompts, personal SWOT analysis (Strengths, Weaknesses, Opportunities, Threats), and actionable habit-tracking setup tailored for postgraduates.
- Design thinking sprints incorporating empathy mapping, problem definition, ideation, and rapid prototyping to turn real-world challenges into viable research or business ideas.
- Group presentations analysing the 17 UN Sustainable Development Goals (SDGs), mapping postgraduate research projects to specific SDGs, and sustainability challenge pitch sessions.
- Hands-on lab tutorials on presentation software (e.g., Canva, PowerPoint, LaTeX), visual data representation techniques, and live pitch delivery practice with peer feedback.
- The event was coordinated successfully with the support of College Union and Fine Arts Association, faculty members, students and the organizing committee.

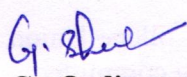

Output

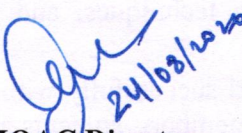

- **Personalized Strategic Career Roadmap:** A completed 3-to-5-year vision board and actionable career pathway document generated during the "Design Your Future" module.
- **Problem-Solving & Innovation Proposals:** Prototype concepts, empathy maps, and problem-statement briefs developed during the "From Problems to Possibilities" design thinking workshop
- **Digital Presentation & Design Assets:** Designed pitch decks, poster presentations, or research summaries produced using digital presentation tools (e.g., Canva, PowerPoint).
- **SDG Alignment Framework:** A documented mapping matrix linking students' proposed postgraduate research topics to specific UN Sustainable Development Goals.
- **OBE Curriculum Readiness Checklist:** Completed student self-assessments verifying an understanding of Course Outcomes (COs), Program Outcomes (POs), and evaluation rubrics.

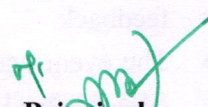

Outcome

- **Proactive Career & Personal Mapping:** Participants establish a personalized 3-to-5-year academic roadmap, identifying key personal growth goals, skill requirements, and milestone targets
- **Resilience & Growth Mindset:** Students adopt strategies for overcoming academic stress and research setbacks, shifting from fixed limitations to solution-oriented thinking
- **Enhanced Digital & Presentation Literacy:** Participants gain practical skill in using modern visual design software (e.g., Canva, LaTeX, PowerPoint) to effectively present data and pitch ideas.
- **Collaborative & Interdisciplinary Networking:** Students build active cross-departmental connections and team-building skills required for interdisciplinary research projects.
- **Social Responsibility Alignment:** Scholars identify specific ways to align their postgraduate research and projects with the UN Sustainable Development Goals (SDGs).
- **Holistic Well-being Habituation:** Participants learn actionable techniques for balancing intensive academic workloads with physical health, sports, and mental wellness.
- **Academic Alignment & Clarity:** Students demonstrate a clear understanding of the Outcome-Based Education (OBE) model, course evaluation schemes, and research ethics necessary for postgraduate study.

This program was aligned with Sustainable Development Goals SDG 3(Good Health and Well-being) & SDG 4(Quality Education).
