Activity Report

Topic/ Subject of the Activity: Outreach Activity-Higher Education Awareness Program on Importance and Job Opportunities of Statistics for Sigaram Matriculation Higher Secondary School, Vaniyambadi on 29.08.2026

Objectives (Input):

- To create awareness among the school students about the importance and scope of Statistics.
- To explain the role of Statistics in higher education, research and various professional fields.
- To motivate students to pursue higher education in Statistics and related disciplines.

Methodology (Process):

The PG & Research Department of Mathematics, Marudhar Kesari Jain College for Women (Autonomous), Vaniyambadi, organized an Outreach Activity-Higher Education Awareness Program on Importance and Job Opportunities of Statistics for Sigaram Matriculation Higher Secondary School, Vaniyambadi supported by DBT Star College Scheme.

The programme was conducted as an interactive awareness and career guidance session by Dr. S. Saravanan, Assistant Professor, Department of Mathematics, Marudhar Kesari Jain College for Women (Autonomous), Vaniyambadi. The session focused on the scope, and applications of Statistics in various fields. Higher education and career opportunities in Statistics, Data Analytics, and Data Science were discussed. An interactive question-and-answer session was conducted to clarify students' doubts. A total of 48 students participated in the programme and benefited from the session.

Output: The session enhanced students' awareness of the scope, applications and career opportunities in Statistics. It also provided valuable insights into higher education opportunities and emerging fields such as Data Analytics and Data Science.

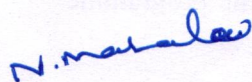

Outcomes:

- Students gained awareness about the scope and applications of Statistics in various fields.
- Students understood the higher education and career opportunities available in Statistics and related areas.
- Students were introduced to Data Analytics, Data Science and statistical tools.
- 48 students participated and gained motivation to develop their mathematical and analytical skills.

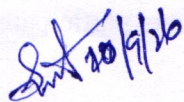

Alignment with Sustainable Development Goals (SDGs)

This activity contributes to the following SDGs:

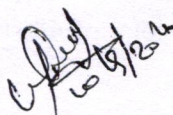

- **SDG 4 – Quality Education:** The session enhanced students' knowledge on Statistics, higher education opportunities and career pathways, supporting quality and skill-based learning.
- **SDG 8 – Decent Work and Economic Growth:** The programme created awareness about career opportunities and employability skills in Statistics, Data Analytics, and Data Science.
- **SDG 9 – Industry, Innovation and Infrastructure:** Exposure to modern tools such as Excel, R programming and Python encouraged students to develop technology-oriented and analytical skills.
