Internal Participants Count	Students : 626 Faculty : 36	External Participants Count	Students : Nil Faculty : Nil

Summary

School of Computing Sciences Organized Guest Lecture Programme at Marudhar Kesari Jain College for Women (Autonomous), Vaniyambadi. The guest lecture on “How AI is changing the World” provided an engaging overview of the rapid advancements and real-world applications of Artificial Intelligence across various sectors. Delivered by Mr. Sanjay Venkatesan, the session highlighted how AI is revolutionizing industries such as healthcare, education, finance, and transportation. Attendees gained valuable insights into current trends, ethical considerations, and future opportunities in AI. The interactive session encouraged active participation and left students inspired to explore AI further in their academic and professional journeys.

Outcome of Guest Lecture Programme

1. **Enhanced Understanding of AI:** Participants developed a clearer understanding of what AI is, how it works.
2. **Increased Awareness of Real-World Impact:** Through real-life case studies and examples, attendees saw how AI is already influencing daily life and personalized recommendations.
3. **Stimulated Curiosity and Interest:** The program sparked genuine interest among students and faculty to learn more about AI technologies, tools, and concepts.
4. **Encouraged Career Exploration:** Students gained awareness of the wide range of career opportunities in AI, machine learning, data science, robotics, and automation.
5. **Fostered Ethical Thinking:** The speaker also addressed ethical issues surrounding AI—such as data privacy, bias, and automation's impact on jobs—encouraging critical thinking and responsible innovation.
6. The interactive format, including the Q&A session, promoted active participation, allowing attendees to clarify doubts, exchange ideas, and engage with real-world AI challenges.
