Objectives

- The central idea behind the program is all Faculty members scheduled to teach in the next semester are required to attend the LMS.
- To enhance faculty competence in using LMS tools for creating, managing, and delivering online course content.
- To promote effective teaching and learning practices through digital platforms.
- To enable faculty members to monitor student

progress, assessments, and feedback effectively through LMS

Participants Count :

Internal Participants : Faculty: 145

Summary Report

The refresher session proved to be highly beneficial for the faculty members, providing them with an opportunity to update and enhance their knowledge in the effective use of digital teaching tools. Through interactive demonstrations and hands-on activities, participants improved their efficiency in managing classes, organizing course materials, and utilizing various features of the Learning Management System (LMS). The session also emphasized best practices for online teaching, student engagement, and assessment strategies. Overall, the program significantly strengthened the participants' confidence in integrating LMS into their regular teaching practices, thereby promoting a more systematic, interactive, and outcome-based approach to teaching, learning, and evaluation.

Outcome of the Programme

1. Understand the structure, features, and functions of the Learning Management System (LMS).
 2. Create and manage courses, upload learning materials, and organize digital content effectively.
 3. Use LMS tools for conducting quizzes, assignments, and online assessments.
- Monitor and evaluate student performance through LMS analytics and reporting features
